

wanaka[™]
living with nature

living

Wanaka is more than a place

It's a way of life.

Here, design is defined by our natural environment.

Pure, rugged, uncomplicated, honest, mystical and inspiring; living down here, it's impossible not to be connected with nature.

nature

Nature's textures can not be replicated, so why should we try?

The wanaka collection begins by preserving natural wool fibres and leather in their most pure form. By taking a hands-off approach in the creation of our range we let nature do the talking. Experience the unique character, texture and performance of nature's materials in your own living environment.

Nature should be something you enjoy everyday, not something you visit now and then...

Stay close to nature, nurture your soul.

The Wanaka Basin, Central Otago, New Zealand

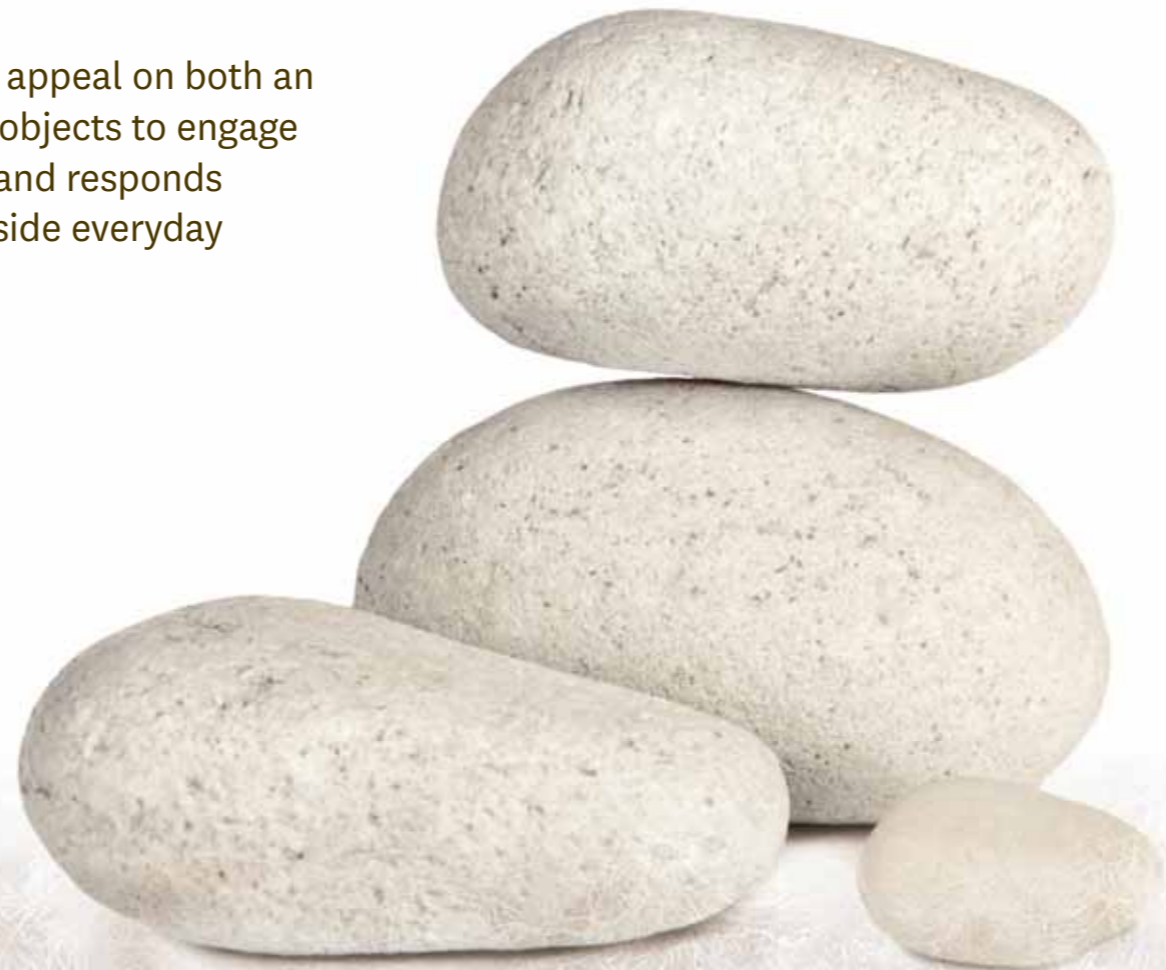

design

We search for simple, intuitive design solutions with the strength of character to appeal on both an aesthetic and sensory level. Our wanaka designs move beyond static decorative objects to engage and interact with the user. Focusing on design that embraces nature's materials and responds to human behaviour, our product range provides pleasure and playfulness alongside everyday practicality and durability.

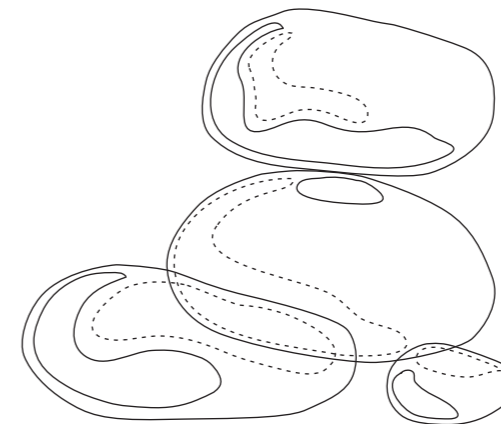

We like the feel, weight and shape of nature, so why change it?

We simply re-imagine it.

Riverstones from the glacier-fed waterways of the Wanaka region - the inspiration for our Stones collection.

living

Adventurous, playful and enduring, every wanaka design object tells a unique story to be shared, explored and enjoyed over time. Seamlessly complementing and enhancing any living space, wanaka products bring the sensory indulgence of one of nature's finest materials into your world. In the end it is not just about looking pretty. Kick your shoes off, feel the texture and warmth of the wool between your toes and you will know what we are talking about. We invite you to Live, Lounge, and Play with the wanaka collection.

lay down on me
nestle into me
escape with me

lounge collection

- Space:** Create your own space to escape. Lay down. Nestle into the lush wool pile. A place to relax, chill out and unwind
- Origin:** New Zealand high country stations and lowland farms
- Material:** New Zealand curly woolskin. Suede cow-hide backing and seam
- Texture:** Luscious 25mm 'deep & curly' wool pile
- Designer:** Monika Conway – Chalk Design NZ
- Design elements:** The warm and luxuriously soft texture of wool is contrasted with a natural suede leather seam creating a perfect resting place

- Taste:** Rippon Central Otago Pinot Noir
- Listen:** Ladyhawke

wanaka living

Space: Durable and enduring, this product is built to last and be lived on. Bring warmth and texture to high-use living spaces

Origin: New Zealand high country stations and lowland farms

Material: New Zealand curly woolskin. Suede cow-hide backing

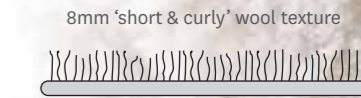

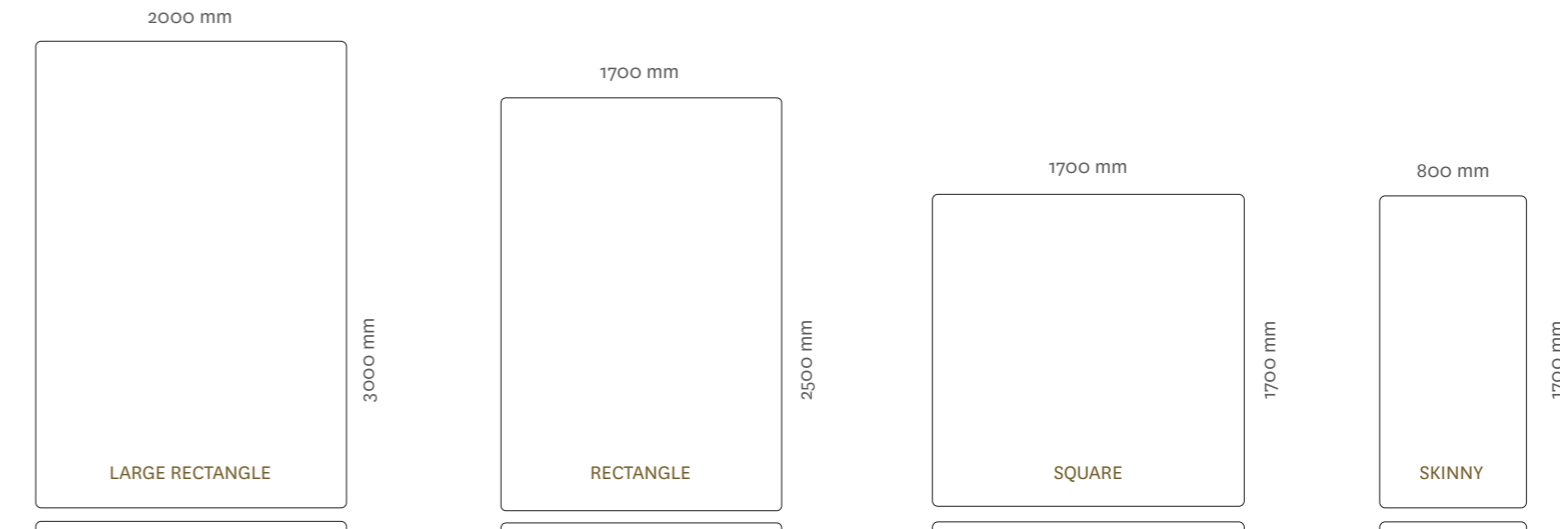

Texture: 8mm 'short & curly' wool texture

Designer: Monika Conway – Chalk Design NZ

Design elements: A sense of minimalism which lets the character of the material do the talking. The finely shorn finish brings out the underlying texture of the wool fibres - designed by nature

Taste: Felton Road Central Otago Riesling

Listen: Fat Freddy's Drop

*throw me
hug me
fool around with me*

play collection

stones

Space: Sit. Rest your head. Put your feet up. Relax or be more adventurous. Let the natural forms, comfort and personality of the soft Stones roam around any living space

Origin: New Zealand high country stations and lowland farms

Material: New Zealand curly woolskin outer

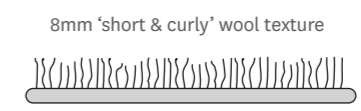

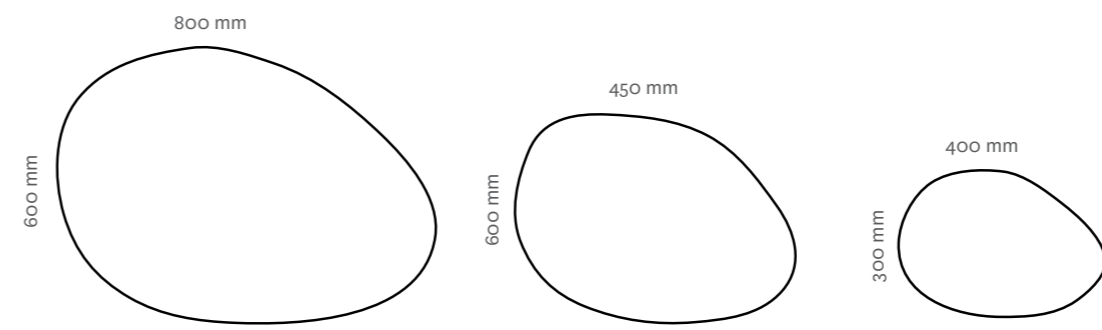

Texture: 8mm 'short & curly' wool texture

Designer: Monika Conway – Chalk Design NZ

Design elements: Like the South Island river-stones that have evolved with the movement of water, these fluid organic shapes fit to your natural bends and curves

Taste: Spy Valley Marlborough Sauvignon Blanc

Listen: Trinity Roots

leather cushions

Space: I catch attention. Rub your hands along my seam. Raw and sensual. Are you game enough for this much nature?

Origin: New Zealand high country stations and lowland farms

Material: Tasman New Zealand natural cowhide – 1.2 weight

Texture: Tasman full-grain leather

Designer: Ben Wilson

Design elements: Hand-crafted detailing and full-grain natural leather finish which will develop strength of character with age

Taste: Te Mata Coleraine Cabernet Sauvignon Merlot

Listen: Crowded House

why woolskin?

Eco

Grown under sustainable farming conditions, woolskin is biodegradable, unlike synthetic products made from petro-chemicals which are harmful to the environment. We like to take care of our environment. If you visit Wanaka you will understand why.

Soft texture

Wool fibres have a unique crimp and staple which provide the spring and soft, cushioning feel...as well as offering a luxurious texture.

Thermal properties

The natural properties of woolskin provide insulation, regulate temperature and absorb sound. They are also fire-resistant.

Stain-resistant

Stain-resistant and antistatic, natural wool fibres repel stains, dirt and dust.

Enduring

Woolskin is durable and will stand the test of time, ageing gracefully like your favourite old leather couch or fine New Zealand Pinot Noir.

wana-care

We hope you will love your wanaka products as much as we do. With regular care wanaka products will stay looking their best.

- Dry vacuum regularly.
- Promptly attend to spills and stains.
- Never rub, brush or massage the wool pile when it is damp or wet.
- When necessary, have a professional steam-clean done by a reputable operator.
